

## **Business Tax Manager**

Reporting to the Business Tax Partner, you will be responsible for managing corporate tax compliance for a varied and sizeable client portfolio of both audit and tax led clients. You will also be managing tax advisory assignments in all areas of business tax including R & D; reconstructions and exits; and, international tax. Other duties include business development, working closely with the corporate finance team and managing two trainees.

The successful applicant will be technically sound in general corporate tax compliance and administration, loan relationships, R & D and business reconstructions. You will be well organised with excellent time-management skills, and above all friendly, approachable and professional with strong communication skills and a positive, forward-thinking outlook.
