

# Work Experience Programme.

## Jack Suswain - VFO

### Why did you choose PEM?

As I am interested in accountancy, I began searching for work experience opportunities. This is when I came across PEM. I noticed that PEM was an inclusive and sustainable firm. I saw how PEM provided the local community with lots of help and assistance.

### How did your role develop and what did you enjoy most about it?

When I came to PEM, I had no experience and I started off work shadowing. However, as my knowledge and understanding grew, I began carrying out progressively more difficult tasks. I really enjoyed learning how to do more advanced tasks and developing my skills.

### What skills were useful in this profession?

There are many skills that are useful in this profession but the standouts are teamwork, communication and commitment.

### What experience have you gained at PEM?

I gained a lot of valuable experience when working at PEM. I learnt what it was like working in a full-time role and meeting a variety of demands and expectations.

### What was your favourite aspect about your role?

There were many aspects I enjoyed but the standout was working in a team.

### Describe working at PEM in three words.

Positive, friendly, secure.
